Consideration of Possible Harmonization Projects

Latin American Law Concerning Smaller and Medium Sized Business Entities (see attached report of John Sebert's October 2008 visit to the National Center for Inter-American Free Trade)

During Bob Stein and Martha Walters visit to the 2009 Annual Meeting of the Uniform Law Conference of Canada, Canadian representatives expressed interest in exploring three possible harmonization projects: a project on Mareva Injunctions (which Canada employs and which a ULC committee is studying); mental health advance directives (on which ULC has a study committee that is planning a stakeholders meeting in the first half of 2010); and expanding the Uniform Emergency Volunteer Health Practitioners Act to cover fire and police personnel. ULCC is planning to provide a memorandum with further thoughts and these and other possible harmonization projects for consideration by the Scope and Program Committee in January 2010.

Panel on Harmonization of Law at the ABASIL spring meeting, April 15, 2010, in New York City (accepted proposal attached)

Report from the JEB for International Law meeting, November 21, 2009 (the report will be distributed to the ILDC shortly before the ILDC meeting)
